

Annual Report:GB International School, Nabha, Punjab

INNOVATION

GB International School, Nabha has been trying to imbibe innovative ideas among children through various activities held at the school level. The school often arranges such activities like 'science is everywhere' activity; students did the activity in the ground. Even in languages, teachers teach not within four walls. They take live examples from the outside environment. In this way, the school creates inquisitiveness among children to go through the experimental method. The English department arranged an English assembly in which many of the students participated enacting pronouns with different examples. This helped children learning new ideas about grammar.

The Social studies department also arranged SST assembly in which children were informed all about natural calamities that how they can save themselves while facing such calamities. They were also told about the proper utilization of **First Aid Kit**. This helps children to help an injured person who seriously requires first aid treatment.

The Science department arranged an innovative program depicting the theme 'Red' in this program; the children were to transfer the facts of the red sea, red planet, red blood cells etc. The foremost objective behind this program was to develop scientific skills among students.

This way the students who were attending the assembly also gained a lot of knowledge about the above-mentioned topics.

All these activities help the children to grow well with the techniques provided by the school.

SPORTS ACHIEVEMENTS

Sports help students relax and reduce their anxiety. Besides just being fun, sports can help you perform better in school, relax more and worry less, deal with setbacks, work better with others and increase your energy — all of which help you balance school and everything else going on in your life. Sports enhance their capacity and allow them to present their best potential to create new credentials.

GB international School provides many activities related to games to its children. In every class time-table, one game period is mandatory. Time to time the school arranges many sports competitions for all classes. Annual Sports day is an integral part of the school curriculum. The school gives training to their students so that they can become able to perform in the CBSE cluster. The School takes initiative in CBSE games. Having the same view in mind, the school too has added new grounds to its infrastructure. Basketball, Cricket and Skating grounds have been made. The school has its teams like Volleyball, Basketball, Cricket, Throw ball, Table tennis, Skating and Taekwondo. From the last many years in CBSE cluster, the school has been performing excellently. Students have bagged Gold, Silver and Bronze medal at Zonal, District and State level. Even Students have got participation certificates at the National Level.

ACADEMIC ACHIEVEMENT

Academic achievement describes academic outcomes that indicate the extent to which students have achieved their learning goals. Academic achievement is often measured through examinations or continuous assessments.

The school is achieving heights in academics. The school focuses on academics by providing best Faculty and academic-oriented activities and facilities. The school board result always brings laurels in the city. In Secondary and Senior Secondary classes, the school achieved 100% result (2021-22). All Students from Arts, Science and Commerce stream got first division.

ENVIRONMENTAL UPGRADATION

Schools are first and foremost safe environments where students grow, learn, and thrive. Putting the priorities of kids first helps teachers and administrators prove to students how important the engagement with learning is to create awareness among children all about the up-gradation of the environment; the school always encourages every child to participate in involving himself/herself

in the programs related to the environment. The school celebrated Earth day, arranged program on 'Fire Safety', making the poster and decorating bulletin boards on 'Nature conservation, an awareness campaign on 'Eco-Friendly Diwali', a drive on Swachh Bharat Abhiyan and a massive plantation program in school was arranged in the school. These all programs had left an undying impression on children and they made all these programs a grand success. The school has developed house wise lush green gardens in which one can see medicinal plants and other plants which help children to know more about the importance of these plants. We also keep motivating parents to involve themselves in such lucrative programs so that we all together can save the environment.

School Management Committee

The school has its School Management Committee which comprises of intellectuals, good decision-makers and educators. This committee earnestly works for the betterment of the school, students and staff by giving its many worthy commitments in its time to time meetings.

Teacher's training

Teacher's Training is mandatory in GBIS, Nabha. The school organizes subject related, time management, stress management, personality development, and many more pieces of training for teachers so that they can become able to cope up with present time. The school has an experienced counselor who educates teachers that how to handle students those who are having behavioral and emotional problems.

The school also takes initiatives to send its teachers in School Building Capacity Programs organized by CBSE as well as organized by Sahodya. These pieces of training are mandatory for all teachers. The school often calls intellectuals, subject experts so that they can share their experiences with teachers to make their teaching effective.

Overall School result

The school is achieving heights in academics. The school focuses its academics by providing best Faculty and academic-oriented activities and facilities. The school's board result always brings laurels in the city.

In Secondary and Senior Secondary classes, the school achieved 100% result (2021-22).
